Dear Louise,

Ref : Telephone call on Monday 27th September concerning potential site for inclusion.
Site no. 494

We would like to add our support and to give a further submission for consideration. to site number 494

We are now enclosed by gardens as our neighbour at the bottom left hand side of our garden has bought land from Mr Kevin Lincoln the owner of the field directly behind our property.

Also further down the road in what was open space has now been built on by SNDC. There have been four houses built here. (Norwich Road). We feel as these properties have been allowed to be built then they should allow us permission for our houses.

Thank you
