

SDJCS 14.1

Addendum to Homes and Housing Topic Paper (SDJCS14)

Due to a publishing error an incorrect table of results from the 2012 baseline run of the East of England Forecasting Model was included in Appendix 4 of SDJCS14. The correct table is set out below. This was a publishing error and has no effect on the analysis in SDJCS14 which is based on the correct table.
