

## Greater Norwich Local Plan: Call for Sites – Schedule of Sites Erratum for Broadland and South Norfolk

This erratum schedule and accompanying maps should be read in conjunction with the main schedule of sites and accompanying map booklets.

Included in this schedule are sites that were incorrectly omitted from the main schedule of sites and accompanying map booklets for Broadland, Norwich or South Norfolk, or sites which were incorrectly plotted.

Specifically sites GNLP0221, GNLP0586, GNLP0232, GNLP0587 and GNLP0588 were incorrectly omitted. GNLP0251 is a sub-section of site GNLP0469 but is also being promoted separately from the larger site. For the avoidance of doubt, GNLP0469 is included in the main schedule. GNLP0319 was incorrectly drawn in the accompanying map booklets to the main schedule of sites but is correctly shown on the maps that accompany this erratum.
