

**Greater Norwich**

**Growth Board**

**Greater Norwich Annual Growth Programme 2021/22**

**March 2021**

## Introduction

1. In 2013 the Greater Norwich authorities (Broadland District Council, Norwich City Council, South Norfolk Council and Norfolk County Council) together with the New Anglia Local Enterprise Partnership, signed a City Deal with Government. To help achieve our growth ambitions, the City Deal agreed a strategic infrastructure programme supported through Government-approved access to borrowing at a preferential rate and the local authorities' commitment to pool a significant proportion of Community Infrastructure Levy (CIL) income to form an Infrastructure Investment Fund (IIF).
2. Decisions on delivery and allocations of IIF funding to support the strategic infrastructure programme are made by the Greater Norwich Growth Board.
3. The Greater Norwich Growth Board has responsibility for assembling the Annual Growth Programme (AGP) from the Joint Five-Year Infrastructure Investment Plan (5YIIP), whilst also taking account of any further schemes for delivery across the area which may arise in response to mainstream funding decisions.
4. The AGP identifies the schemes which are prioritised for delivery and are to be funded either wholly or in part by the IIF.

## Approval

5. Prior to the development of the AGP, the Joint Five Year Infrastructure Investment Plan (5YIIP) was developed and agreed. This plan confirms the strategic priorities in the Greater Norwich area for the IIF to support over the next five years. The projects programmed to receive IIF funding during the forthcoming financial year are accepted and included within the AGP 2021/22.
6. On 01 December 2020 the GNGB recommended for approval the draft 5YIIP 2021-26.
7. The 5YIIP was then agreed at the individual district cabinet meetings on the below dates:  
  
Monday 8<sup>th</sup> February 2021- South Norfolk District Council  
Tuesday 9<sup>th</sup> February 2021- Broadland District Council  
Wednesday 10<sup>th</sup> February 2021 - Norwich City Council
8. The AGP will also be reported to Norfolk County Council as the GNGB's accountable body and the New Anglia LEP as partner.

## Annual Growth Programme 2021/22

9. In accordance with the agreed processes for the Infrastructure Investment Fund (IIF), the Greater Norwich Infrastructure Delivery Board (IDB) met on the 9<sup>th</sup> October 2020 to agree which projects are to be put forward as the proposed 2021/22 Annual Growth Programme (AGP). As a result, 4 new projects totalling £921,124.00 have been identified to be supported through the IIF. Full details of these projects are included as Appendix A.

Project Name	Applicant	Amount of CIL requested	Total project size
Brundall Sports Hub	Broadland	£100,000	£1,345,655
Bure Valley Path	Broadland	£259,124	£841,406
Kett's Heights	Norwich	£312,000	£312,000
FDC Bowthorpe 3G Pitch	Norwich	£250,000	£929,400
<b>Total</b>		<b>£ 921,124</b>	

10. In addition, it was proposed that NCC's Children's Services receive £2million to support the development of their Education capital programme within Greater Norwich. This allocation will support development at Ormiston Victory Academy.
11. It was also proposed that two Marriott's Way projects that were initially allocated funding within the 18/19 AGP, be allocated an additional £341,000 for their joint delivery in 21/22.
12. Over £2m from the IIF remains committed to ongoing projects that were identified in previous AGPs. Updates on these projects were provided in the Joint Five Year Infrastructure Investment Plan.
13. This AGP also reaffirms the commitment to borrow funds as and when required to support the delivery of significant infrastructure projects. The Broadland Northway has already drawn down £40m from this facility and the interest and loan repayments are being paid through the IIF.
14. Forecasted interest and loan repayments to draw down an additional £10m of borrowing to support the delivery of Long Stratton Bypass was included within the 5YIIP. This borrowing is expected to be required from 2022/23 therefore the formal commitment will be outlined in next year's version of the 5YIIP, alongside confirmation of the final sum to be borrowed and details of the legal loan arrangements.

## Delivery and Monitoring

15. Delivery of the growth programme is the responsibility of the Greater Norwich Infrastructure Delivery Board (IDB). Project promoters will be responsible for providing information on individual schemes to the IDB on a quarterly basis. The IDB will consider in-year changes to the Programme based on their monitoring of progress and the outcome of ongoing scheme identification work.

16. The IDB will report progress on programme delivery (and exception reports if required) to meetings of the Greater Norwich Growth Board.

## The complete Greater Norwich Growth Programme

17. The GNGB have committed funding to projects through the acceptance of an Annual Growth Programme each year since the establishment of the IIF in 2014. The full list of projects making up the complete Greater Norwich Growth Programme, together with their expected year of delivery is shown below. Further information about each project can be found within appendix A.

# Greater Norwich Growth Programme Project Summary

## 2014/15 Annual Growth Programme

Ref	Project Description
GP1	<p><b>Harrisons' Wood, Salhouse Road, Norwich</b></p> <p>Public access improvements to improve connections from Mousehold Heath to the Broads, contributing to an eventual continuous corridor extending to the Broads buffer/ sensitivity zone and beyond. Works to ensure that Harrison's wood is suitable for public access with path development and clear signage, whilst also transferring the land from private to public ownership.</p>
GP2	<p><b>Danby Wood</b></p> <p>Biodiversity and access improvements including upgrading the main footpath through the wood.</p>
GP3	<p><b>Marsden Marsh</b></p> <p>Improved pedestrian access to the western part of the site whilst improving the site's biodiversity value.</p>
GP4	<p><b>Earlham Millennium Green (EMG) (Phase 1)</b></p> <p>EMG also forms a valuable link for pedestrian access connecting Bowthorpe, West Earlham, the UEA and the Research Park. With the Three Score developments progressing, this route is likely to increase in importance and there are opportunities for improvements that would encourage more people to walk rather than use their cars. This phase will involve the creation of high quality open space and wildlife area, improvements to access and enhanced potential for educational use.</p>
GP5	<p><b>Riverside Way- Oasis site</b></p> <p>The development of a revised layout and design for the Oasis site adjacent to Fye Bridge on the River Wensum. Working in partnership with key stakeholders to enhance the site to maximize its use, linkages and potential for access to the river.</p>
GP6	<p><b>Marriott's Way (Phase 1)</b></p> <p>Improvements to the city end of Marriott's Way to encourage commuting by bicycle and on-foot. Included surface and lighting improvements</p>
GP7	<p><b>Norwich Health Walks</b></p> <p>The development of a footpath through the tree belt surrounding the N&amp;N University Hospital. Offering an opportunity for staff and patients of the hospital to enjoy fresh air and exercise thus aiding a sense of well-being for patients and staff alike.</p>

## 2015/16 Annual Growth Programme

Ref	Project Description
GP8	<p><b>Earlham Millennium Green Path Improvements (Phase 2)</b></p> <p>Enhancement of EMG for site users and wildlife. This project is a second phase of works and will improve a gravel path which had come to the end of its life with a hard surface path suitable for pedestrians and cyclist.</p>
GP9	<p><b>Marriott's Way (Phase 2)</b></p> <p>A second phase of improvement to the section of Marriott's Way from Thorpe Marriott to Norwich City Centre in addition to those agreed in the 2014/15 Growth Programme. Including repairs to Dragon Bridge to enable adoption, highway improvements to access points and barriers, signage and lighting.</p>

<p><b>GP 10-17</b></p>	<p><b>Norwich Area Transportation Strategy</b> Initially 8 projects (GP10-17) were identified from Transport for Norwich's programme of works. The programme aimed to improve accessibility by all forms of transport in and around the city, encouraging the use of more sustainable forms of transport, such as public transport, cycling and walking, while also improving the capacity of the road network, in particular through the Broadland Northway.</p> <p>The programme was delivered by a partnership between Norfolk County Council and Norwich City Council, as well as local authorities within Greater Norwich on schemes in the wider area. Funding sources included the Department for Transport, developer contributions, the New Anglia Local Enterprise Partnership and local growth funds.</p> <p>Pooled CIL was made available to these schemes to use as a top up to fill their funding gaps. Some of the initial 8 projects which were able to secure alternative funding so the Infrastructure Development Board were able to agree amendments to the projects which received CIL.</p> <p>The below 5 projects have been allocated CIL funding (GP11-17b)</p>
<p><b>GP11</b></p>	<p><b>St Clements Toucan Crossing</b> The development of a crossing point at Denton Road/ Chartwell Road/ School Road. The primary objective was to enable cyclists and pedestrians to cross much more quickly and directly providing separate cycling and pedestrian crossing areas: Part of the Blue Pedalway route which links the city centre with the North East Growth Triangle (NEGT).</p>
<p><b>GP13</b></p>	<p><b>Eaton Interchange</b> Works at the crossroads in Eaton to improve safety and traffic flow including reducing traffic speeds, traffic calming measures, widening the cycle track, moving the vehicle stop line so buses and other large vehicles can turn more easily, resurfacing the carriageway, improved lining, a new cycle traffic signal and simplifying pedestrian crossings.</p>
<p><b>GP13b</b></p>	<p><b>Roundhouse Way</b> The creation of a new bus interchange at Roundhouse Way, Cringleford</p>
<p><b>GP16</b></p>	<p><b>Golden Ball Street</b> This scheme builds on the traffic improvements realised as part of the Chapelfield North scheme and is an important element of the City Centre NATS measures that will provide a more attractive environment for pedestrians and cyclists. Additional funding of £500,000 was awarded to enhance the quality of public realm in Westlegate and All Saints Green.</p>
<p><b>GP17b</b></p>	<p><b>A140 Corridor</b> The primary objective is to implement on-carriageway bus priority measures through the reallocation of road space on the A140 Cromer Road north of Norwich city centre. This will enable the benefits of the Broadland Northway to be realised by improving bus journey reliability and bus service performance as well as having a positive impact on bus patronage. The project involves the provision of an inbound bus lane between Fifers Lane and Waterloo Road along the Cromer Road/Aylsham Road corridor. The provision of the inbound bus lane would be shared with cyclists</p>

## 2016/17 Annual Growth Programme

Ref	Project Description
GP19	<p><b>St Faiths Rd to Airport Transport Link</b></p> <p>Establishment of a road and cycle links between St Faiths Rd and Airport Industrial Estate (AIE) to join the existing employment area with the North East Growth Triangle. This project closed prematurely prior to all funds being drawn down.</p>
GP22	<p><b>Heathgate - Pink Pedalway</b></p> <p>The construction of a 3m wide lit cycling and walking path between Heathgate and Gurney Road at the junction with Britannia Road.</p>
GP23	<p><b>Carrow to Deal Ground riverside walk</b></p> <p>Delivery of a short section of cycle/ footway on north bank of the River Wensum. This will provide a key 'missing link' in the route between Norwich city centre/ rail station and Whittingham Country Park, which is also needed to serve several planned new developments in the area.</p> <p>This project closed prematurely prior to all funds being drawn down. See page 27 of the 5YIIP for full details.</p>
GP24	<p><b>Colney River Crossing (NRP to Threescore)</b></p> <p>Improvements to the existing right of way, including a new footbridge across the River Yare and improvements to the existing footpaths will improve linkages between housing at Three Score and the Norwich Research Park. This is part of a wider project of improvements to green space in Bowthorpe associated with the development of Three Score. The river crossing and footpath improvements would provide a direct link between housing in Bowthorpe and the major employment locations at NRP and the Norfolk and Norwich University Hospital.</p>
GP25	<p><b>Northern Distributor Road- Broadland Northway</b></p> <p>The Growth Board Partners agreed £40m of reduced cost borrowing to support delivery of a 12.4-mile dual carriageway linking the A47 from the south east of Norwich to the airport and north of the District. The NDR was named the Broadland Northway when completed.</p>
GP26	<p><b>Long Stratton Bypass</b></p> <p>The proposed new A140 bypass will be a single carriageway road that will provide a new junction at Church Lane to the north, extending from this junction on the east side of Long Stratton in a southerly direction for approximately 3.9km, where it will re-join the existing A140 just south of Oakside farm</p>
GP26B	<p><b>Hempnall Crossroads</b></p> <p>To improve road safety at this busy junction where traffic crosses the a140 near Hempnall, by installing a roundabout.</p>

## 2017/18 Annual Growth Programme

Ref	Project Description
GP27	<p><b>Lizard and Silfield Nature Reserves</b></p> <p>To protect and enhance the Lizard and Silfield Nature Reserve by the creation of alternative green infrastructure routes for recreational access. The project will identify and agree new routes, which will be developed as appropriate. Necessary infrastructure such as stiles, fencing, signage/way marking, hedgerow planting/restoration and interpretation/localised publicity will be provided to encourage and manage use of the network.</p>
GP29	<p><b>Barn Road Gateway</b></p> <p>This is part of a programme of projects being developed through the Marriott's Way Implementation &amp; Delivery plan, which have been informed by the public and stakeholder consultation that took place in 2015. The aims of the project are to improve the gateway to Marriott's Way with signage, paving and removal of vegetation to improve legibility and raise the quality of this important entrance.</p>

<b>GP30</b>	<p><b>Marriott's Way: Sloughbottom Park - Andersons Meadow</b></p> <p>A part of the Marriott's Way Implementation and Delivery plan, this project provides improvements to a section of the route to increase safety, comfort and personal security. Works include path widening/realigning, providing street lighting, improving an adjacent storm drain, vegetation management, tree planting, and drainage improvements.</p> <p>The scheme is split into two phases:</p> <ul style="list-style-type: none"> <li>• Phase 1 – Dragon Bridge to Mile Cross Road Bridge adjacent Andersons Meadow</li> <li>• Phase 2 – Mile Cross Road Bridge to Sloughbottom Park</li> </ul>
<b>GP31</b>	<p><b>Riverside Walk accessibility improvements</b></p> <p>A package of accessibility improvements to the Riverside Walk, to enable its use by all, including access measures on and adjacent to the walk, and improved signage linking the river with the city centre and other key attractors. It is proposed that the project is implemented in phases, with the development of a branding and identity for the whole Riverside Walk in the first phase, followed by physical improvements to the Riverside Walk in the city centre (i.e. downstream of New Mills) in phase 2.</p>
<b>GP33</b>	<p><b>Strumpshaw Pit Circular Walk</b></p> <p>A project to expand the dog walking capabilities of Strumpshaw Pit, which is owned by Norfolk County Council. This could be achieved through additional parking, which would increase the distance that dog walkers travel. In addition, cycle rack provision will provide for other users. The existing site includes a circular walk around a closed landfill site with various wildflowers growing and it is commonly used by dog walkers, but is not fully accessible.</p>
<b>GP34</b>	<p><b>Cringleford N&amp;N strategic connections</b></p> <p>Green infrastructure projects of various types to link N&amp;N Hospital, Yare Valley Walk in Cringleford, and possibly along A47 corridor: a) a footpath between N&amp;N hospital walk and application to the west of Newfound Farm (around 365m); b) habitat connections between N&amp;N hospital tree belt and boundary treatment for application to the west of Newfound Farm; c) a footpath through Cringleford Wood (around 600m); d) improvement to CWS in Cringleford (details to be confirmed). This would supplement GI to be delivered by other developments</p> <p>(The delivery of this project was put on hold whilst discussions continued with local landowners. It is expected that the project will be re-confirmed within the forthcoming year)</p>
<b>GP36</b>	<p><b>Castle Gardens</b></p> <p>Restoration and improvement works to Castle gardens to promote the use of the gardens as a linear park. Restoration works will safeguard the gardens for future use whilst planned improvements will ensure that the gardens can be maintained within the available budgets. The linkage to the gardens from the surrounding street scene will be enhanced along with improved linkages to the castle and green</p>
<b>GP37</b>	<p><b>Long Stratton Sports Hub</b></p> <p>The project aims to bring together a number of facility-providing partners (South Norfolk Council, Long Stratton High School and Long Stratton Parish Council) to improve the sport and leisure facility stock in the village in anticipation of significant housing growth. It will create a new sport and leisure 'Hub' across three adjacent sites and provide new and enhanced facilities that are fit for purpose and better suited to the current and future facility needs of local residents. Management will be shared across the three sites, resulting in economies of scale and efficiencies in service delivery. In May 2020 a project change request was agreed by the Infrastructure Delivery Board and a further £110,000 of CIL funds were awarded as a result of updated construction costs.</p>

<b>GP38</b>	<b>Football pitch improvements</b> Football pitch improvement works at Eaton Park, Sloughbottom Park, Britannia Barracks and Fountain Ground including drainage improvements, improved grass species and improved goal facilities through the provision of new posts, nets and additional ground sockets. This will permit moving the pitches annually to prevent excessive wear, improving the playability of the pitches and increasing capacity.
<b>GP39</b>	<b>Hales cricket and bowls clubhouse improvements</b> There is a need for a replacement pavilion to serve Loddon and Hales Cricket Club and Hales Bowls Club on their shared site on Green Road, just off the A146, to the south-east of Loddon. The proposed new pavilion will give both clubs a permanent home in spaces that meet their respective needs, allowing to develop and grow participation across a range of ages.
<b>GP40</b>	<b>Wymondham: new sports improvements</b> Kett's Park in Wymondham has been identified as being a location that would be suitable for a sports hub, the provision of which can ensure that there are economies of scale in outdoor sports delivery and that clubs can benefit from shared and jointly managed facilities. A new full-size, floodlit artificial grass pitch on the site would take advantage of existing infrastructure and with tennis also being available on the Kett's Park site the argument for creating a hub is strengthened with the potential for significant gains in sporting participation likely. With the expected growth in demand for pitches in Wymondham due to the forthcoming housing, the carrying capacity of a full-size AGP will help to ensure that the quality of existing natural turf pitches (whose drainage will be improved as part of this project) is not compromised in future.
<b>GP 41-43</b>	<b>Library self-access improvements</b> Self-access technology allows the library service to automatically control and monitor building access, self-service kiosks, public access computers, lighting, alarms, public announcements and customer safety. Each library will be able to have increased opening hours, making access to the library more convenient for current and new customers without an increase in staff costs. This is a great opportunity for libraries to be accessible and relevant to more people.
<b>GP41</b>	<b>Wroxham Library: self-access improvements</b> This project will introduce both public customer toilets and self-access technology
<b>GP42</b>	<b>Plumstead Road Library: self-access improvements</b> This project will introduce self-access technology plus provide car and bike customer parking (including disabled parking).
<b>GP43</b>	<b>Diss library: self-access improvements</b> This project will introduce self-access technology.
<b>GP44</b>	<b>Education- Allocation for Children's Services Capital Programme</b> Allocation to support the development of Hethersett Junior school and Hethersett Academy. (this is supporting additional need over and above those already supported by s106 contributions)

## 2018/19 Annual Growth Programme

<b>Ref</b>	<b>Project Description</b>
<b>GP45</b>	<b>Green Pedalway – Earlham Road Section</b> The Green Pedalway project sees a comprehensive upgrade and extension to this strategic cycle route. This project relates to improvements to the Earlham Road (B1108) junction with Mill Hill Road and Heigham Road. This project has been combined with cycle ambition funding awarded by the Department for Transport for safety improvements at the Earlham Road (B1108) / Outer ring road (A140) roundabout and along the length of Earlham Road between the outer ring road and Heigham Road.

<b>GP46b</b>	<p><b>Marriott's Way Ramp &amp; Resurfacing (replaces GP46 &amp; GP53)</b></p> <p>The projects aim to improve access and accessibility on Marriott's Way and link into a number of other projects along the route funded from the Heritage Lottery Fund, Transforming Cities as well as the IIF, to help facilitate the use of Marriott's Way as a key walking and cycling route and a sustainable transport corridor for people commuting into and out of Norwich. They involve the improvement in access points and resurfacing between Thorpe Marriott and Costessey plus the creation of a ramp to the rear of the Tesco supermarket in the Drayton area to reduce the gradient allowing much improved accessibility for all.</p>
<b>GP47</b>	<p><b>UEA to Eaton Boardwalk</b></p> <p>The project will extend the existing boardwalk which forms part of the Yare Valley Walk between UEA and Eaton/Cringleford. The boardwalk currently only extends half the length of the path.</p>
<b>GP48</b>	<p><b>Wherryman's Way- Yare Valley Cycle Route</b></p> <p>Improve the Yare Valley Cycle Route, which follows the Wherryman's Way Lodon cycle loop which links into the Norwich cycle map and Norwich pedalways project.</p>
<b>GP49</b>	<p><b>Earlham Millennium Green (EMG) Improvement Project (Phase 3)</b></p> <p>This will builds on the woks already completed in previous phases (GP4 and GP8) Works will include improving links to the main route through the site from Bowthorpe, and from West Earlham via George Fox Way, refurbishing and improving existing entrance features, new signage, replacing pond dipping platforms and a timber footbridge connecting EMG with Earlham Marsh</p>
<b>GP50</b>	<p><b>Yare and Wensum Valley Link</b></p> <p>The River Wensum and Yare run close together in the west of the city between Marriott's Way and the Three Score development site. The link between the two river valleys is a recognised green infrastructure corridor and the route of the purple pedalway. The project will improve this link for walkers, cyclists and wildlife. (The first phase of this project is supported through s106 allocation at Bunkers Hill)</p>
<b>GP51</b>	<p><b>Green Infrastructure: Access for All</b></p> <p>A number of Green Infrastructure trails across the Greater Norwich area have been audited for both power chair use and general accessibility and to identify the improvement works necessary to allow such access. This project implements a range of smaller scale accessibility improvements across various projects and areas. The funding is spread across 5 years with new 'access improvement' projects being identified each year. The first tranche of works will be access improvements to the full length of the Boudicca way (over 30 miles).</p>
<b>GP52</b>	<p><b>Thorpe Marriott Greenway</b></p> <p>The Thorpe Marriot Greenway is designed to promote better greenspace and access in the Thorpe Marriott area. To create the greenway, a path will be established through the current tree belt that will link the Thorpe Marriot estate, the Marriott's Way, Nabour Furlong, Pendlesham Rise, Littlewood (three woodlands owned by Broadland District Council) and the Broadland Northway green bridge that leads to Drayton Drewray. This will also help to deliver the identified Thorpe Marriott to Hevingham Secondary Green Infrastructure Corridor.</p>

<b>GP55</b>	<p><b>Community Sports Hub- The Nest, Horsford</b></p> <p>Norwich City Community Sports Foundation (CSF) has obtained the Anglia Windows sports site at Horsford Manor within Broadland District to develop a large scale “Community Hub” that will provide inclusive facilities for the growing community. Named ‘The Nest’ it will comprise: An indoor sports facility comprising full size 3G football pitch, full size sports hall, indoor gym and associated changing facilities, cafe, learning space, classrooms and office, 10 sleeping pods to be used for residential training courses, external spectator stand and associated parking, and an outdoor gym. It will be the only full 11aside indoor football pitch in the region that is open to the public. Alterations to access and infrastructure will be necessary to delivery these facilities.</p> <p>Phase 1 consisting the pitches, clubhouse and sleeping pods is complete and the CIL funding will support the development of operational phase 2.</p>
<b>GP 56-60</b>	<p><b>Library self-access improvements</b></p> <p>Self-access technology allows the library service to automatically control and monitor building access, self-service kiosks, public access computers, lighting, alarms, public announcements and customer safety. Each library will be able to have increased opening hours, making access to the library more convenient for current and new customers without an increase in staff costs. This is a great opportunity for libraries to be accessible and relevant to more people.</p>
<b>GP56</b>	<b>Harleston Library- self-access improvement</b>
<b>GP57</b>	<b>Costessey Library- self-access improvement</b>
<b>GP58</b>	<b>Loddon Library- self-access improvement</b>
<b>GP59</b>	<b>Earlham Library- self-access improvement</b>
<b>GP60</b>	<b>Mile Cross Library- self-access improvement</b>
<b>GP61</b>	<p><b>Education- Allocation for Children’s Services Capital Programme</b></p> <p>This allocation was committed to two projects;</p> <ul style="list-style-type: none"> <li>-to identify and secure a new site to move the existing school at Blofield into larger and more suitable accommodation</li> <li>- to ensure the primary school in Brundall has suitable accommodation for larger cohorts of children.</li> </ul>

## 2019/20 Annual Growth Programme

<b>Ref</b>	<b>Project Description</b>
<b>GP62</b>	<p><b>Education- Allocation for Children’s Services Capital Programme</b></p> <p>The funding will be allocated to a new two form entry primary school in Cringleford.</p>

## 2020/21 Annual Growth Programme

<b>Ref</b>	<b>Project Description</b>
<b>GP63</b>	<p><b>North West Woodlands Project</b></p> <p>The North West Woodlands Country Park (NWWCP) project creates a new country park facility surrounded by a large area of woodland, heathland and fenland in the Greater Norwich area. The project delivers a series of walking, cycling and trim trial routes, habitat restoration and enhancement schemes, public engagement events, car parking and visitor facilities as well as large woodland play area.</p> <p>£715,000 commitment from the GNGB supported the acquisition of the Houghen Plantation land and will be repaid in annual instalments over 5 years.</p>

<p><b>GP64</b></p>	<p><b>Hellesdon Station Green Infrastructure</b></p> <p>The project will deliver a range of inter-related green infrastructure improvements in the Hellesdon Station area. These improvements will boost the transport and ecological functions of strategic green infrastructure corridors to support growth:</p> <ul style="list-style-type: none"> <li>• Marriott's Way - Red pedalway (and National Cycle Route 1) and Purple pedalway (Outer circuit): Improvements to make walking and cycling routes safer and more convenient including a parallel pedestrian / cycle zebra crossing of Hellesdon Road, path re-alignment onto the railway track bed and accessible ramp,</li> <li>• New and improved recreational facilities: canoe launch platform, picnic area, path access and car park improvements,</li> <li>• Natural area enhancements to river valley sites; Hellesdon Mill Meadow, Marlpit Paddock and Hellesdon Marsh. These include vegetation management, habitat improvement, tree planting and landscaping which will result in biodiversity gains.</li> <li>• Community involvement through volunteering and engagement with community groups.</li> </ul>
<p><b>GP65</b></p>	<p><b>East Wymondham Green Infrastructure</b></p> <p>The project will deliver infrastructure around the Oxford Common site to create an accessible area for local residents to visit for recreational purposes. The project will establish approximately 1800m of new permissive paths, with the result being a new circular walk route and the enclosure of 9 hectares of grassland for restoration of the site to County Wildlife Site standard.</p> <p>The project will also deliver stock fencing, vehicular gates, the relocation of existing stepping stones across the river Tiffey, the installation of liggers and a bridge across the ditches in appropriate locations and the installation of finger posts, way-markers and an information board along the route.</p>
<p><b>GP66</b></p>	<p><b>20 Acre Wood Community Access Improvements</b></p> <p>The project will improve an existing woodland path through 20 Acre Wood from Enfield Road to Earlham Green Lane. The current path itself is used regularly by the community to access the West Earlham shops, school and Health Centre.</p> <p>The project involves installing a raised hard surface path to avoid damaging any tree roots, and this would be suitable for both cyclists, pedestrians, mobility scooters and push chairs. Additionally, the project would install way-markers at each end of the path, and a wooden chicane to slow pedestrian movement from the path to the tarmac path and road.</p> <p>A second part of the project will deliver an element of community engagement working with the Friends of West Earlham Woods and the Local Infant and Primary Schools to develop a sense of community ownership of the woodland</p>
<p><b>GP67</b></p>	<p><b>Kett's Country Long Distance Trail</b></p> <p>The project is to create a long-distance walking trail from Wymondham to Norwich via a number of South Norfolk towns and villages. It is the intention of the project to create several circular walks near/next to areas of increased development along the route.</p> <p>The project will deliver signage, furniture and will see the removal of all access obstacles and deliver countryside access improvements.</p>

<b>GP68</b>	<p><b>Frenze Beck Green Infrastructure</b></p> <p>The project will deliver a number of green infrastructure updates and installations on Frenze Beck, on the eastern edge of Diss. The work to be delivered includes the installation of new entrance gates, the design and installation of new information boards and trails, installing benches and picnic benches and the installation of gravel footpaths to unlock access to two viewing areas.</p>
<b>GP69</b>	<p><b>Aylsham Sports Hub Stage 3</b></p> <p>The Project is to deliver a full-size, floodlit 3G pitch which can be sub-divided into 3 smaller pitches suitable for football and rugby, on the site of the Aylsham Sports Hub at Aylsham High School, owned by the Aylsham Cluster Trust. The project also will deliver a two-team changing room, and FA standard referees' area adjacent to the gym/fitness building.</p> <p>The project is part of a wider programme and complements additional projects on the site including the refurbishment of Aylsham's swimming pool, and the provision of a gym, fitness suite and dance/multi use hall. The aim of the project is to deliver additional leisure and sporting facilities for Aylsham Town and the surrounding area in order to promote physical activity and social inclusion.</p>
<b>GP70</b>	<p><b>Wymondham Tennis Club</b></p> <p>The project improves Wymondham Tennis Club's facilities at Kett's Park in Wymondham. This includes a new fourth court to provide additional capacity in an area of high housing and population growth.</p> <p>Additionally, the project will deliver the resurfacing of three existing courts which have experienced a lack of investment and appropriate maintenance under the management of the town council, the conversion of floodlights to LED Lumineers to provide lower running costs and deliver a greener operation and the enhancement will also see netball courts provided on the site, bringing outdoor, publicly-accessible, floodlit courts to Wymondham for the first time.</p>
<b>GP71</b>	<p><b>Crusaders Rugby Football Club</b></p> <p>The project will deliver new infrastructure and enhanced facilities at Crusaders Rugby Club, based in Little Melton (South Norfolk). The enhanced facilities to be provided include four en-suite changing rooms that meet RFU guidelines, a new referees' changing space, refurbished and extended social spaces, an accessible entrance, first floor viewing area and new accessible toilet facilities.</p>
<b>GP72</b>	<p><b>Recreation Road Swimming Pool</b></p> <p>The project will increase car park capacity at the Recreation Road school swimming pool and install new fencing and a covered bike store. This project will increase the community access to the pool, while also increasing the number of hours which are available to be used by potential customers, which in turn makes it more viable as a sustainable business proposition.</p>
<b>GP73</b>	<p><b>Norwich Parks Tennis</b></p> <p>The project will deliver a total of 5 all-weather tennis courts across two different parks in Norwich, to add to the provision offered by the Norwich Parks Tennis Programme. The courts will be located at Heigham Park (3 courts) and at Lakenham Recreation ground (2 courts). The additional courts and improvements are required to support the future growth of affordable quality tennis, accommodating the demands of the growing population in the Greater Norwich area.</p>
<b>GP74</b>	<p><b>Plumstead Road Roundabout</b></p> <p>The project will deliver a new roundabout on Plumstead Road. The delivery also includes the creation of new footways and cycleways, a new pedestrian crossing, road re-alignment and associated services. In delivering the scheme, the project will directly unlock the development of 315 homes across two allocated sites located within the Broadland Growth Triangle. Furthermore, it will ensure that the strategically important orbital link road between Salhouse Road and Plumstead Road can be delivered.</p>

<p><b>GP75</b></p>	<p><b>Education- Allocation for Children’s Services Capital Programme</b>  The funding will be allocated to an extensive expansion project at Ormiston Victory Academy. This involves a new three-story classroom block and internal remodelling to increase the number of school places to 1500 for ages 11-16.</p> <p>Within the 2021/22 AGP a further £2 million funding has been allocated to this project, with a total project cost likely to be in the region of £9.5m. The shortfall of £5.5m will be met with a government grant of Basic Need and if necessary, NCC borrowing.</p>
--------------------	--

**2020/21 Annual Growth Programme**

<b>Ref</b>	<b>Project Description</b>
<p><b>GP76</b></p>	<p><b>Brundall Sports Hub</b>  Phase one of the project is to deliver a Sports Hub to include a multi-sport floodlit 3G artificial grass pitch with fencing, floodlighting, maintenance storage container, hard standing pathways, car parking and single storey club house/changing room building. With the possibility of a later Phase two to create a Community Gym.</p>
<p><b>GP77</b></p>	<p><b>Bure Valley Path: Access, Promotion and Recreational Enhancement</b>  This project will improve the Bure Valley walking and cycle path by delivering:</p> <ul style="list-style-type: none"> <li>• A crossing over the A140 delivering safe passage for cyclists and pedestrians;</li> <li>• The creation of 6 circular walks, way marking, surface improvements, and a range of improvements to the ecological corridor through the implementation of biodiversity improvements</li> </ul>
<p><b>GP78</b></p>	<p><b>Kett’s Heights</b>  The proposed improvements to Kett’s Heights provide for a more accessible and resilient space, but also provide enhancements to the green links through this area (linking with Mousehold Heath and Lion Wood). It connects to the green pedalway that leads to the start of the proposed Broadland Way near Dussindale / Broadland Business Park and is also adjacent to promoted walking routes that include Lion Wood and the Wensum Riverside Walk.</p>
<p><b>GP79</b></p>	<p><b>Football Development Centre Bowthorpe – 3G Pitch</b>  The proposed project at FDC Norwich (Bowthorpe) will see the installation of a 3G full sized football pitch, replacing an existing full-sized grass pitch. By converting the existing grass pitch to an artificial 3G pitch we will ultimately be able to cater for more football activity, both traditional and recreational.</p>
