

# Greater Norwich green infrastructure strategy on a page

## Our mission

To work with partners in securing opportunities for nature recovery and enhanced access to nature by supporting the development of Green Infrastructure to take action and help tackle the climate and ecological challenges, and support vibrant, healthy, inclusive and growing communities

## Our vision

Greater Norwich has a high quality, nature-rich and resilient Green Infrastructure network connecting greenspaces and the countryside in and around the city of Norwich, surrounding towns and villages. The nature-based benefits of this green network are widely valued by our local communities, businesses and visitors.

## Our objectives

- Enabling access to nature and healthy lifestyles
- Harnessing productive landscapes
- Strengthening distinctive places
- Supporting nature recovery
- Promoting urban greening
- Strengthening blue-green infrastructure

## Our guiding principles

- ✓ Delivering high quality Green Infrastructure
- ✓ Long-term stewardship
- ✓ Optimising gains and benefits
- ✓ Targeting Green Infrastructure in areas with greatest need/potential
- ✓ Integrating Green Infrastructure into policy
- ✓ Collaborative approach

## Our delivery programme themes

- **Active Places** – provision of accessible green spaces and links to support people's physical health and mental wellbeing
- **Natural Places** – provision of nature-rich habitats to support nature recovery and strengthen climate resilience

## Our outcomes

Healthier, happier and more active people  
Nature-rich places  
Climate-resilient places  
Prosperous communities
